

ASF Spring 2023 Approved Grants

Title	Teacher	Building	Summary	Amount granted
Striving Artists Program	Eric Head and Sean Berrodin	AHS/Digital Art and photography	The Striving Artists combines the Aurora Sports Shooters and Graphics Team. The photographers capture sporting/school/community events and the graphics team uses these for various media products on social media and in print. They are looking for new lenses, tshirt uniforms, framing equipment and enrichment opportunities for their growing program.	\$3000
Sphero EDU	Jessica Matousek	Harmon Computer Tech 6 th -8 th grades	These are programmable robots for kids – these would be for all of Harmon as part of the rotation curriculum.	\$1615
Computer Science/Robotics for MS from Lego education	Sherri Beresford	STEAM Classes	These are kits similar to those we funded for the Leighton robotics club but integrated into the curriculum for non-music rotation students. Every quarter, a new class would use these robots.	\$5600
Adaptive Playground	multiple	Leighton	This grant is to put towards phase one of the adaptive playground at Leighton Elementary. Specifically, it is for a merry-go-round type equipment that can be used by kids in and out of wheelchairs.	\$10,000
